Why PayComp works

A better path to connected workers' compensation reporting.

SIMPLER | CLEARER | MORE CONFIDENT

Traditional approach

More manual. More effort. More uncertainty.

- Estimated payroll
- Manual carrier reporting
- More admin follow-up
- Greater chance of year-end surprises

VS.

Connected pay-as-you-go with PayComp

Real data. Real time. Real confidence.

- Actual payroll activity reflected consistently
- Reporting each pay period
- Better visibility and cleaner reconciliation
- Lower audit surprises and better audit readiness

160+ Carriers

Real-time Reporting

Audit-ready Workflows

INSIGHTS THAT SPARK CONFIDENCE.**

How the CompConnect workflow moves

From Referral to Reporting All in Sync.

A six-step operating path that keeps the client, payroll team, PayComp, and carrier aligned.

1 Referral Received

An eligible opportunity is identified and the basic client and policy context is shared and carrier aligned.

2 Intake Completed

Client, payroll, FEIN, location, class code, and contact details are obtained by client.

3 Validation

Carrier path, policy details, and reporting requirements are reviewed and confirmed.

4 Onboarding Coordination

PayComp coordinates setup, required documents, and stakeholder communication.

5 Activation

Reporting is turned on and expectations are confirmed.

6 Ongoing Reporting

Payroll activity moves through the reporting workflow for cleaner, more timely data.

Payroll runs as usual

PayComp coordinates the workflow

Carrier receives cleaner reporting data

Internal FAQ and next steps

Use these talking points to explain CompConnect clearly and consistently.

1

What is CompConnect?

A turnkey technology integration for a seamless Pay-As-You-Go experience, saving small businesses time and money.

2

Does the client have to switch payroll providers?

No. The goal is to keep the existing payroll relationship in place while connecting the reporting workflow.

3

Does CompConnect replace the carrier or the policy?

No. It supports the operating process and reporting path; coverage terms and underwriting remain with the carrier and policy.

4

Does it eliminate audits?

No. Audits may still occur, but cleaner payroll reporting can reduce surprises and support audit readiness.

5

What information is usually needed?

Client name, policy details, payroll account, FEINs, locations, class codes, effective dates, and primary contacts.

Opportunity readiness checklist

- Eligible client identified
- Payroll relationship confirmed
- Policy / carrier path known
- FEINs and locations collected
- Class codes and effective dates available
- Key contacts identified

Ready to discuss an opportunity?

A Smarter Workers' Comp Pay-As-You-Go Experience.

PayComp bridges payroll and workers' compensation reporting to deliver a simpler, more efficient experience for brokers, payroll teams, and business clients.

160+ insurance carriers

Lower audit risk

Real-time payroll data

Secure workflows

Built for the way you do business.

With PayComp CompConnect, premium activity reflects actual payroll data, reporting stays more consistent each pay period, and your teams gain better visibility throughout the policy period.

A Clear Six-Step Workflow

PayComp makes workers' compensation reporting easier for your clients—so you can deliver more value with less effort.

1 Identify fit
Spot clients that want simpler pay-as-you-go reporting.

2 Review setup
Confirm carrier, payroll, and policy details.

3 Onboard
Collect the key information needed to activate reporting.

4 Connect payroll data
Reporting flows each pay period using actual payroll activity.

5 Monitor reporting
Track premium status, reporting, and confirmations.

6 Stay audit ready
Create more consistent records and reduce manual follow-up.

Good fit indicators

- Manual self-reporting today
- Frequent audit corrections
- Desire for better visibility
- Need to keep processes simple

Simpler Reporting. Stronger Partnerships.

FOR EMPLOYERS

Employer Benefits

A clearer experience for business clients

PayComp delivers accurate, automated payroll reporting that saves time, reduces risk, and improves outcomes.

Actual payroll-based activity

Reduce reliance on rough estimates.

Less manual reporting

Cut repetitive reporting tasks each pay period.

Better transparency

See reporting and status more clearly.

Improved audit readiness

Create more consistent records and cleaner reporting.

Lower surprise potential

Help reduce unexpected year-end billing shocks.

Time back for the business

Spend less time on paperwork and more time on operations.

Why clients care

Cash-flow awareness

Understand payroll-driven activity as it happens.

Cleaner reporting

More accurate data leads to better insights.

Fewer surprises

Greater predictability at year-end.

Program structure, billing terms, and availability vary by carrier, state, and policy setup.

CASH FLOW

Better Cash Flow. Lower Down Payment.

PayComp helps businesses preserve working capital by eliminating large upfront payment requirements—so you can focus on growth, not cash tied up.

TRADITIONAL PAYMENT OPTIONS

High Upfront Costs

$5,000 – $25,000+

Down Payment Required

VS.

PAYCOMP INTEGRATION

Lower Upfront Cost

$350

Integration Fee

No Large Down Payments

LOWER UPFRONT COSTS

Keep more working capital where it counts.

STRONGER CASH FLOW

Invest in growth, not large down payments.

MORE OPPORTUNITIES

Take on more deals with less capital tied up.

STREAMLINED PROCESS

Simplified integration so you can move forward faster.

Seamless Pay-As-You-Go Workers' Compensation Integration.

Reduce Audit Surprises

Real-Time Payroll Reporting. Fewer Year-End Surprises.

PayComp's real-time payroll reporting helps businesses keep workers' compensation reporting accurate and up to date—reducing manual work, reporting errors, and unexpected audit adjustments.

Real-Time Visibility

Payroll data is captured and updated as it happens, giving you a clearer view of your reporting status.

Fewer Reporting Errors

Automation reduces manual processes and helps minimize mistakes before they become costly problems.

Audit-Ready Records

Clean, accurate, organized records make it easier to support your reporting and stay prepared for audits.

The unified Pay-As-You-Go workers' compensation platform connects payroll, carriers, and reporting in real time.

Self-Reporting Payroll

VS.

Automated Reporting With Paycomp

SELF-REPORT EACH PAY PERIOD
Manually gather payroll data and submit reports to your workers' compensation carrier.

TIME LOST ON REPORTING
Every pay period requires manual work.

- Gather payroll reports
- Verify employee classifications
- Submit carrier reports
- Track payment confirmations

Hours spent each month on administrative tasks.

CHANCE OF ISSUE FOUND AT AUDIT
Manual reporting increases the risk of mistakes.

- Missed payroll submissions
- Incorrect payroll amounts
- Employee classification errors
- Delayed reporting

Small mistakes can become costly audit adjustments.

AUDIT SURPRISES

When payroll is estimated or reported incorrectly:

- Additional premium may be owed
- Credits may be delayed
- Audit reviews take longer

VS.

PAYROLL REPORTING AUTOMATED
Payroll data flows directly from your payroll provider to the carrier.

TIME GAINED
No manual reporting required.

- ✓ Payroll reports automatically
- ✓ Premiums calculated automatically
- ✓ Payments processed automatically
- ✓ Less administrative workload

More time to focus on your business.

LOWER AUDIT RISK
Real-time payroll reporting helps improve accuracy.

- ✓ Actual payroll reported
- ✓ Consistent reporting every pay period
- ✓ Reduced manual entry errors
- ✓ Better audit readiness

Fewer surprises and greater confidence.

AUTOMATIC EMAIL NOTIFICATIONS
Receive confirmation every pay period showing:

- ✓ Payroll reported
- ✓ Premium amount due
- ✓ Payment status
- ✓ Reporting confirmation

Always know what was reported and what was paid.

SAVE TIME. REDUCE ERRORS. STAY AUDIT READY.

WOPR Payroll Provider Integration

One Connection. A Stronger Network.

WOPR (Workers Comp Operations & Payroll Reporting) connects seamlessly with 160+ carrier software systems via API, making payroll reporting simpler, faster, and more accurate.

WOPR CONNECT API

Seamless Integration with 160+ Carrier Software Systems via API

OVERVIEW

What CompConnect Is

CompConnect is PayComp's referral partner program between PayComp & Referral Partner enabling Partner's team to refer clients with insurance needs, including workers compensation, general liability, property, professional liability, and other P&C coverages.

THREE WAYS WE ADD VALUE

Referral Coordination

easy client referral through PayComp's dedicated easy link.

Dedicated Account Executive

Every client referral receives a dedicated account executive.

Revenue Share

PayComp shares monthly revenue on all client policies.

Why It Matters

- Reduces handoff friction between payroll, policy, and reporting
- Creates one intake path instead of scattered emails and rework
- Helps move opportunities to activation with better visibility
- Supports cleaner ongoing reporting and audit readiness

CompConnect supports the workflow and reporting path. PayComp is not the issuing insurance carrier.

PayComp WOPR

The Engine That Never Stops Calculating

Real-Time Workers' Comp Premium Calculation, *Now Powering Your Account.*

WOPR stands for Workers' Comp Operations & Payroll Reporting. It is PayComp's real-time payroll integration engine — connecting directly to your payroll data and calculating your workers' compensation premiums accurately with every single payroll run.

5 Key Advantages

1. **Real-Time Premiums**
   Calculates your exact workers' comp premium based on actual wages paid — not an estimate made months ago.

2. **No Audit Surprises**
   Premiums are calculated in real time, eliminating traditional year-end audit reconciliation. What you pay is what you owe — every cycle.

3. **Cash Flow Accuracy**
   Payments are based on actual payroll, not over-estimated amounts. Your cash flow stays predictable.

4. **Payroll Integration**
   Direct integration with your payroll provider pulls verified wage data automatically with each payroll run. No manual entry, no spreadsheets, no reconciliation delays.

5. **Class Code Accuracy**
   Applies the correct workers' comp classification codes to each employee based on their actual role and wages.

What This Means For Your Business

Reduced Administrative Burden
Eliminate chasing NOC's and client self-reporting burden.

Improved Cash Flow Predictability
Premiums match actual payroll, not estimates.

No Year-End Audit Bills
Premiums update in real time with every payroll.

Ready for Pay-As-You-Go Workers' Compensation?

PayComp ATLAS

See Everything. Know Everything.

Your Workers' Compensation Information In One Place, & In Real Time.

ATLAS, the Automated Tracking & Live Analytics System, is the intelligence layer across your PayComp suite. It gives you real-time visibility into premiums, payments, program status, and reporting in one dashboard. No more scattered data across reports, emails, or logins. Everything is live, organized, and instantly accessible.

What You Can See in ATLAS

Real-Time Premiums

Live workers' comp premium data updated with every payroll run. No estimates, no waiting for month-end reports.

Payment Activity

Full visibility into ACH premium transfers, including transfer status, timing, and settlement confirmation.

Coverage Status

Your program details in one place — policy placement, coverage confirmation, and key program metrics.

Cross-Platform Reports

Unified reporting and exportable analytics across your entire PayComp account.

Role-Based Access

Your team sees exactly what they need, with secure, role-based access and visibility.

Built Around How You Work

Spend Less Time Chasing Data

Spend more time focused on running and growing your business.

Simplify the Complexity of Workers' Comp

A dashboard designed for clarity, not confusion.

Scale Effortlessly

A system that grows with your business and your needs.

Start using ATLAS and take control of your workers' comp program today.

Clear Conversations. Better Outcomes.

A co-branded story that sounds clear, human, and confident.

PayComp gives you the insights and information you need for confident client conversations.

1

Core value statement

PayComp helps connect payroll and workers' compensation reporting so clients spend less time self-reporting, gain better visibility, and face fewer year-end surprises.

2

Discovery questions

- Are payroll reports submitted manually today?
- Have there been audit surprises or correction requests?
- Would better visibility help your team?
- Do you want a cleaner pay-as-you-go experience?

3

Proof points to mention

- **160+** Carriers
- **Real-time** Reporting
- **Audit-ready** Workflows

Keep it consultative.
Lead with efficiency, visibility, and cleaner reporting.

LET'S TALK →

People. Payroll. A Stronger Tomorrow.

Q AND A

Frequently Asked Questions

Quick answers for conversations with clients and partners

What is PayComp?
PayComp is a pay-as-you-go workers` compensation integration platform focused on connected reporting and easier visibility.

What does it help automate?
It helps align payroll activity with workers` compensation reporting each pay period.

Can it help reduce audit issues?
It supports more consistent records and can help reduce year-end reporting surprises.

Who can benefit?
Brokers, employers, payroll teams, and partner organizations that want a simpler reporting experience.

What should I know up front?
Program terms, carrier availability, and billing details vary based on setup, carrier, and state requirements.

THE BOTTOM LINE

Think of PayComp as a cleaner connection between payroll data and workers' comp reporting.
